Continuation of Substance of Interview including description of the general nature of what was discussed: Applicants representative asked for clarification regarding why box 3(b) regarding the issue of new matter was checked on the PTOL-303 mailed 4/8/11. Examiner indicated that the proposed amendment that was not entered to insert dependent claim 15 into independent claim 14 MAY introduce a new matter issue regarding claim 16 in its dependency on claim 15 as amended, i.e. without further review of applicants specification it is not clear that a process including three liquid treatments is disclosed. The explanation above was inadvertently omitted in the advisory action mailed 4/8/11.
